

LOI No. RAT-7-77015
April 12, 2007
Amendment No. 1

April 12, 2007

RESPONDERS:

SUBJECT: Amendment No. 1 to Solicitation for Letters of Interest (LOI) No. RAT-7-77015,
"Solar America Initiative (SAI) PV Technology Incubator".

Directed Change:

Referencing the LOI document, Section 7 entitled "Potential Subcontract Award and Available Project Funding", the 1st paragraph is revised to state that funding available for each individual award under this Solicitation will not exceed \$3M for the anticipated 18 month duration of the work effort. The LOI as originally published stated that funding for each individual award would not exceed \$2M.

Additional Information:

Responders should anticipate at least one (1) additional LOI Amendment being posted to the NREL website (http://www.nrel.gov/business_opportunities/solicitations_rfps.html). This Amendment will provide NREL responses to all questions received regarding the LOI Solicitation. It is anticipated that this Amendment will be available for review on or before April 17, 2007.

The Power Point presentation regarding the LOI Solicitation which served as the focus of the Net Conference held on April 10, 2007 is currently available for review at the NREL website noted above.

Except as otherwise stated in this amendment, the subject LOI remains unchanged.

Should questions arise between now and the due date for questions, please contact the undersigned via e-mail at william_algiene@nrel.gov.

Sincerely,

William L. Algiene
Sr. Subcontract Administrator
